Dear Rich,

I would like to thank you for the excellent job you have done to our home at 18 Grasshopper Lane . Your attention to detail and your workmanship brought out to light the beauty and charm of this wonderful home and it helped show and sell the house quickly. You were courteous, patient and respectful, and you came up with plenty of good ideas.

There was no job too small or too big for you and your quick response to come to the rescue is a character any home owner who cares about his or her property will love to know and take advantage. I have your phone number on speed dial and as you may have noticed, I did not hesitate to call you whenever I wanted anything fixed in my home.

Without any reservation, I highly recommend your company to anyone who needs a good house renovation job done quickly and efficiently.

Sincerely,
